

A LOOK AT THE ECONOMIC WELL-BEING OF WASHINGTONIANS WITH LOW INCOMES

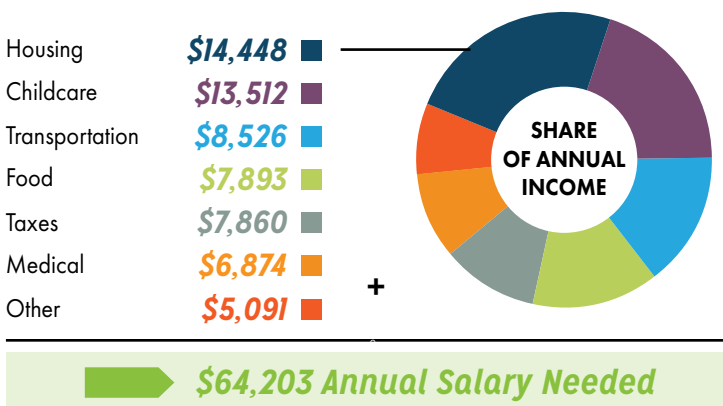

Washington is home to great communities and a growing economy, but our state’s economic prosperity is not reaching everyone. Issues like a skyrocketing cost of living, lack of affordable housing, and low-wage jobs mean many people are falling behind. And the continued legacy of racist policies – such as redlining, employment discrimination, and limited access to credit – means families of color are often hit the hardest.

The broader Asian category often masks the different educational outcomes and multiple barriers facing Southeast Asian students, for example.
